EDUCATION & CERTIFICATION

Bachelor of Science (B.Sc.) in Statistics — University of Benin | 2019 – 2022

Certificate of Participation, Introduction to Animation and Post-Production — Del-York Creative Academy, through YAPPI (Youth in Animation and Post-Production Initiative) | January 2025 – March 2025

WORK EXPERIENCE

PENMOB CREATIVE STUDIOS | Art Director & Lead Storyboard Artist | October 2025 – Present

• Developing the end-to-end creative vision for The New Snack City Show, which reached an audience of 350,000+ viewers.

• Translating core concepts into detailed visual scripts and storyboards, ensuring narrative flow and high audience retention.

• Managing the visual identity of the project, keeping all assets consistent, engaging and optimised.

NSIBIDI FABLES — Lagos, Nigeria | Compositor | September 2025 – Present

• Integrating separate visual elements (character animation, environments, effects and lighting) into cohesive, cinematic frames ready for final delivery.

• Combining 2D character animation with backgrounds and generated environments to create unified, believable scenes.

• Enhancing flat animation layers with rim lighting, highlights and environmental light interactions to simulate volume and dimensionality.

• Applying depth of field, blurs, haze and lens effects to guide viewer focus and create cinematic scale.

NSIBIDI FABLES — Lagos, Nigeria | In-between Animator | January 2025 – March 2026

• Created transitional frames between key poses to keep 2D character motion smooth and fluid.

• Followed timing charts provided by lead animators to maintain accurate pacing and spacing of movement.

• Maintained consistency in character style, proportions and motion across frames.

• Contributed to "Amanirenas: The Kush Empire", an animated series about an African queen's trials in the ancient Kush Empire.

FIVERR | Freelance Animator | July 2023 – June 2025

• Delivered 2D animation for clients through Fiverr, my main freelancing platform.

• Created drawing guides for beginners and hosted classes teaching the basics of drawing in the anime art style.

PERSONAL PROJECT

D'PAPER MAN | Founder & Animator | Burdens in Babylon

• Making Burdens in Babylon, a Bible series in anime style, mostly by myself with some help, and releasing it in parts on YouTube, TikTok and Instagram.

• Run the full pipeline: pen-and-paper scripts and storyboards, Clip Studio Paint for fights and complex scenes, Moho for dialogue scenes, After Effects for composition and lighting, and Filmora for editing and sound design.
